Mute your mic  
when not  
speaking

Get involved  
(verbally or via  
the chat)

Slides will be  
provided  
afterwards

# What we'll cover today

By the end of this session, you should have an improved understanding of:

1. How the NCV aligns with key academic competencies
2. How to use the NCV as a positioning tool
3. How to use NCVs to support the development of you and your team

## A (re)introduction to narrative CVs

## Using the NCV to understand academic careers

## Using the NCV to make the 'case for you'

## Using the NCV to support career development

# A (re)introduction to narrative CVs

# What is the narrative CV?

The generation of new ideas, hypotheses, tools or knowledge

The development of others and the maintenance of effective working relationships

The wider research and innovation community

Broader users/audiences and towards wider societal benefit

# What is the narrative CV?

Original, innovative research

Supporting others, teamwork and leadership

The research community  
(beyond your School/Institution)

Engagement with non-academics

# What are they used for?

Funding  
applications

# Funders using NCVs

UK Research and Innovation

Unlocking postdoc career potential

# What are they used for?

Funding  
applications

Academic job  
applications and  
promotions

Today's key message:

**Narrative CVs aren't just useful for jobs or funding applications – they can help to support you and your team.**

# Using the NCV to understand academic careers

# What parts of your role fit into each section?

Add examples into the chat!

## Original, innovative research

e.g. key outputs (publications, conference papers, datasets, software, products, exhibitions); development of methods, tools or resources; generation of new ideas and hypotheses; funding, awards and prizes

## Supporting others, teamwork and leadership

e.g. supervision; teaching; mentoring; teamwork; establishing and maintaining collaborations; leadership

## The research community (beyond your School/Institution)

e.g. a) interdisciplinary, interinstitutional or international engagement with other researchers; b) academic citizenship - editing or reviewing; positions on committees/professional bodies; activities benefitting the research community

## Engagement with non-academics

e.g. work beyond academia – knowledge exchange, policy engagement, partnerships with business, industry, healthcare, community groups; public engagement; participatory research

**Prosper.**

Unlocking postdoc  
career potential

[What goes into each section of the narrative  
CV?](#) (Open Access Resource, Leeds)

# Using this with your team

Example: Use this as a framework for 1:1 discussions.

Original, innovative research

Supporting others, teamwork and leadership

The research community  
(beyond your School/Institution)

Engagement with non-academics

# How does this help you (and your team)?

For early career  
researchers

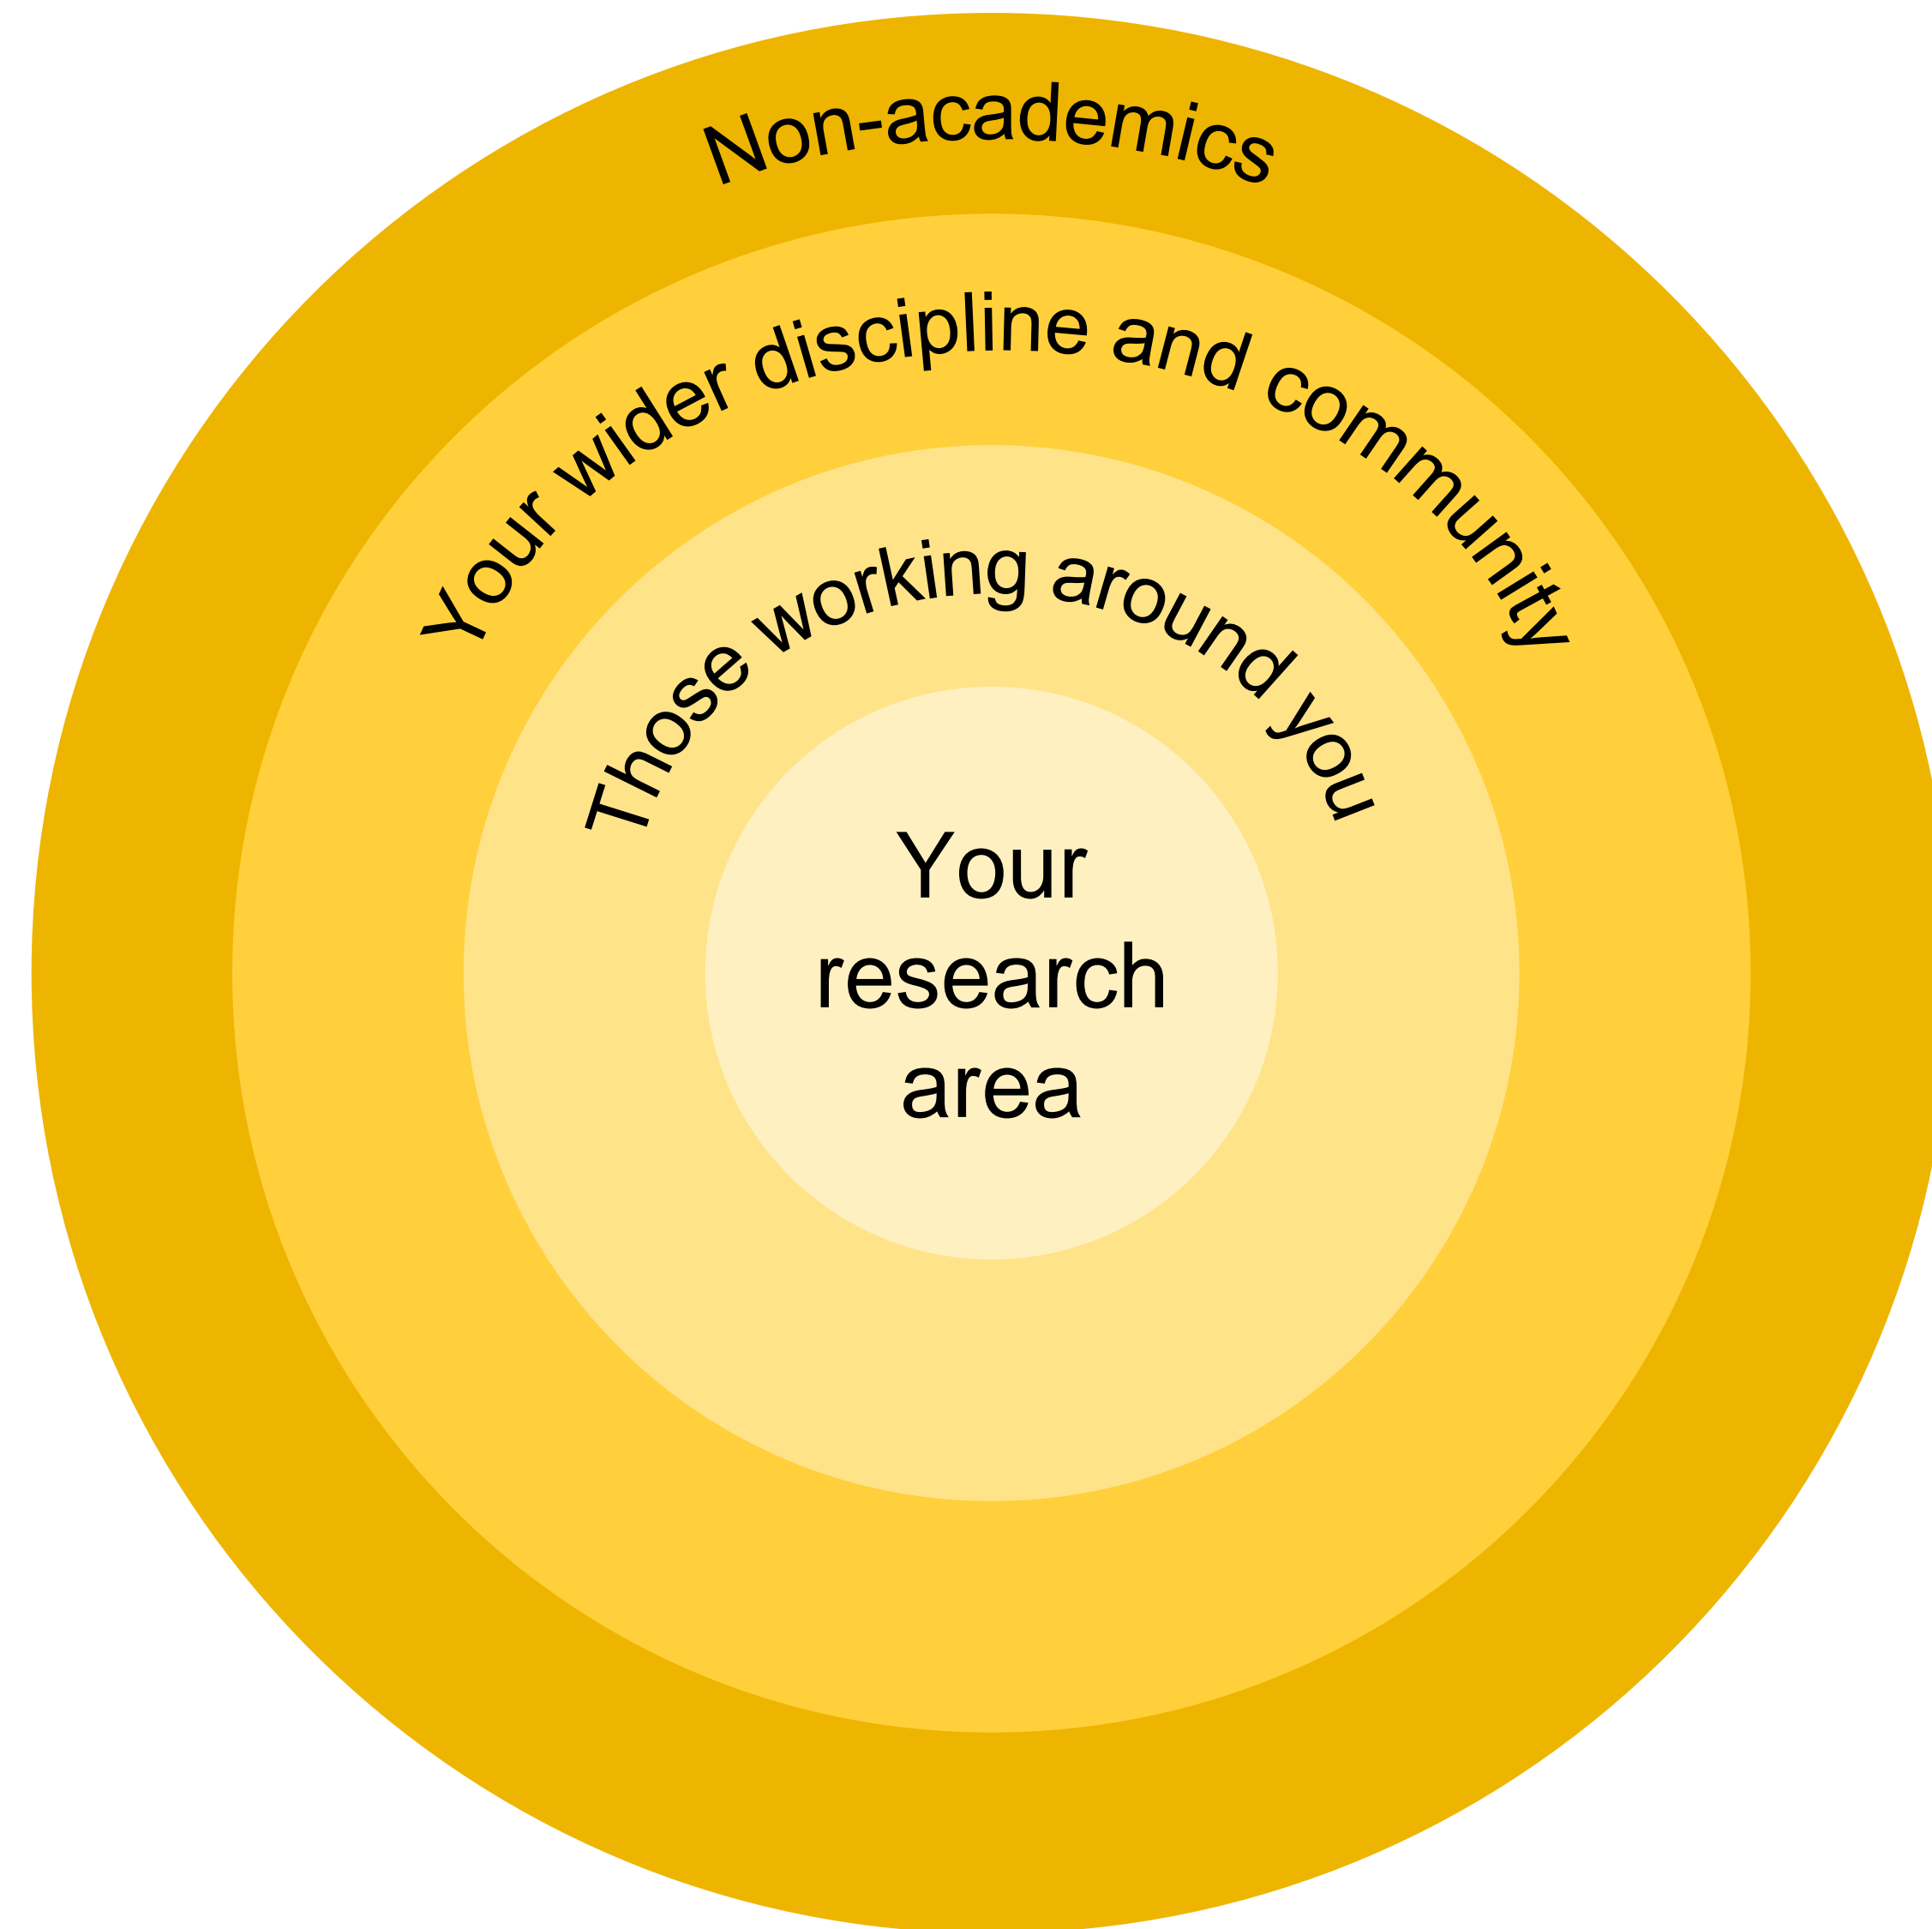

Understanding what's required  
in a modern academic career

Thinking about where they're  
leading, beyond formal positions

**Consider your  
'spheres of  
influence'**

# How does this help you (and your team)?

For early career  
researchers

Understanding what's required  
in a modern academic career

Thinking about where they're  
leading, beyond formal positions

For senior  
researchers

Considering your increasing  
spheres of influence

# Using the NCV to make the 'case for you'

# Step 1 – Map achievements and take stock

You have 5 minutes to do this now!

<p><b>The generation of new ideas, hypotheses, tools or knowledge</b></p> <ul style="list-style-type: none"><li>• Project on exciting methods, leading to 2024 publication in <i>Journal of Exciting Methods</i></li><li>• Open-access database on exciting methods, on excitingdata.com</li><li>• Internal funding (£5k) for proof-of-concept work on exciting methods</li></ul>	<p><b>The development of others and the maintenance of effective working relationships</b></p> <ul style="list-style-type: none"><li>• Supervising Masters students</li><li>• Teaching undergraduate students on Exciting Methods, Boring Methods and Introduction to Methods</li><li>• Mentoring PhD researchers</li><li>• Setting up a collaboration with other researchers</li></ul>
<p><b>The wider research and innovation community</b></p> <ul style="list-style-type: none"><li>• Co-organiser, 2020 Conference on Methods in Practice</li><li>• Editor for <i>Journal of Methods</i></li><li>• Reviewed papers for <i>Journal X</i>, <i>Journal Y</i></li><li>• EDI Lead for Department of Methods</li></ul>	<p><b>Broader research/innovation-users and audiences, and towards wider societal benefit</b></p> <ul style="list-style-type: none"><li>• Developed an exhibition for the Museum of Exciting Methods (May-September 2019)</li><li>• Worked with industry partner to develop exciting methods</li></ul>

# Supporting your team

Take 10 minutes at the end of a 1:1 to discuss  
1 of the modules

# Step 2 – Use CAR stories to build your narrative

## Context

What was the situation?  
What was your role?

## Action

What did you do?

## Result

What was the effect/impact?

## Example:

Traditional CV: “Supervised 4 Masters students and 2 PhD researchers.”

Context | Action | Result

CAR story: “I’ve successfully supervised 4 Masters students and 2 PhD researchers. I support my supervisees with both their research and their career development, developing tailored development plans, incorporating time at 1:1 meetings to discuss their careers, and giving them protected time to pursue their own research interests. One of my PhD researchers said that my support “gave me confidence to explore a range of careers beyond academia”; this student has since progressed to a role in X industry.

# Supporting your team

Take 10 minutes at the end of a 1:1 to discuss 1 of the modules

Encourage them to write up accomplishments as CAR stories for later use

# Step 2 – Use CAR stories to build your narrative

## Context

What was the situation?  
What was your role?

## Action

What did you do?

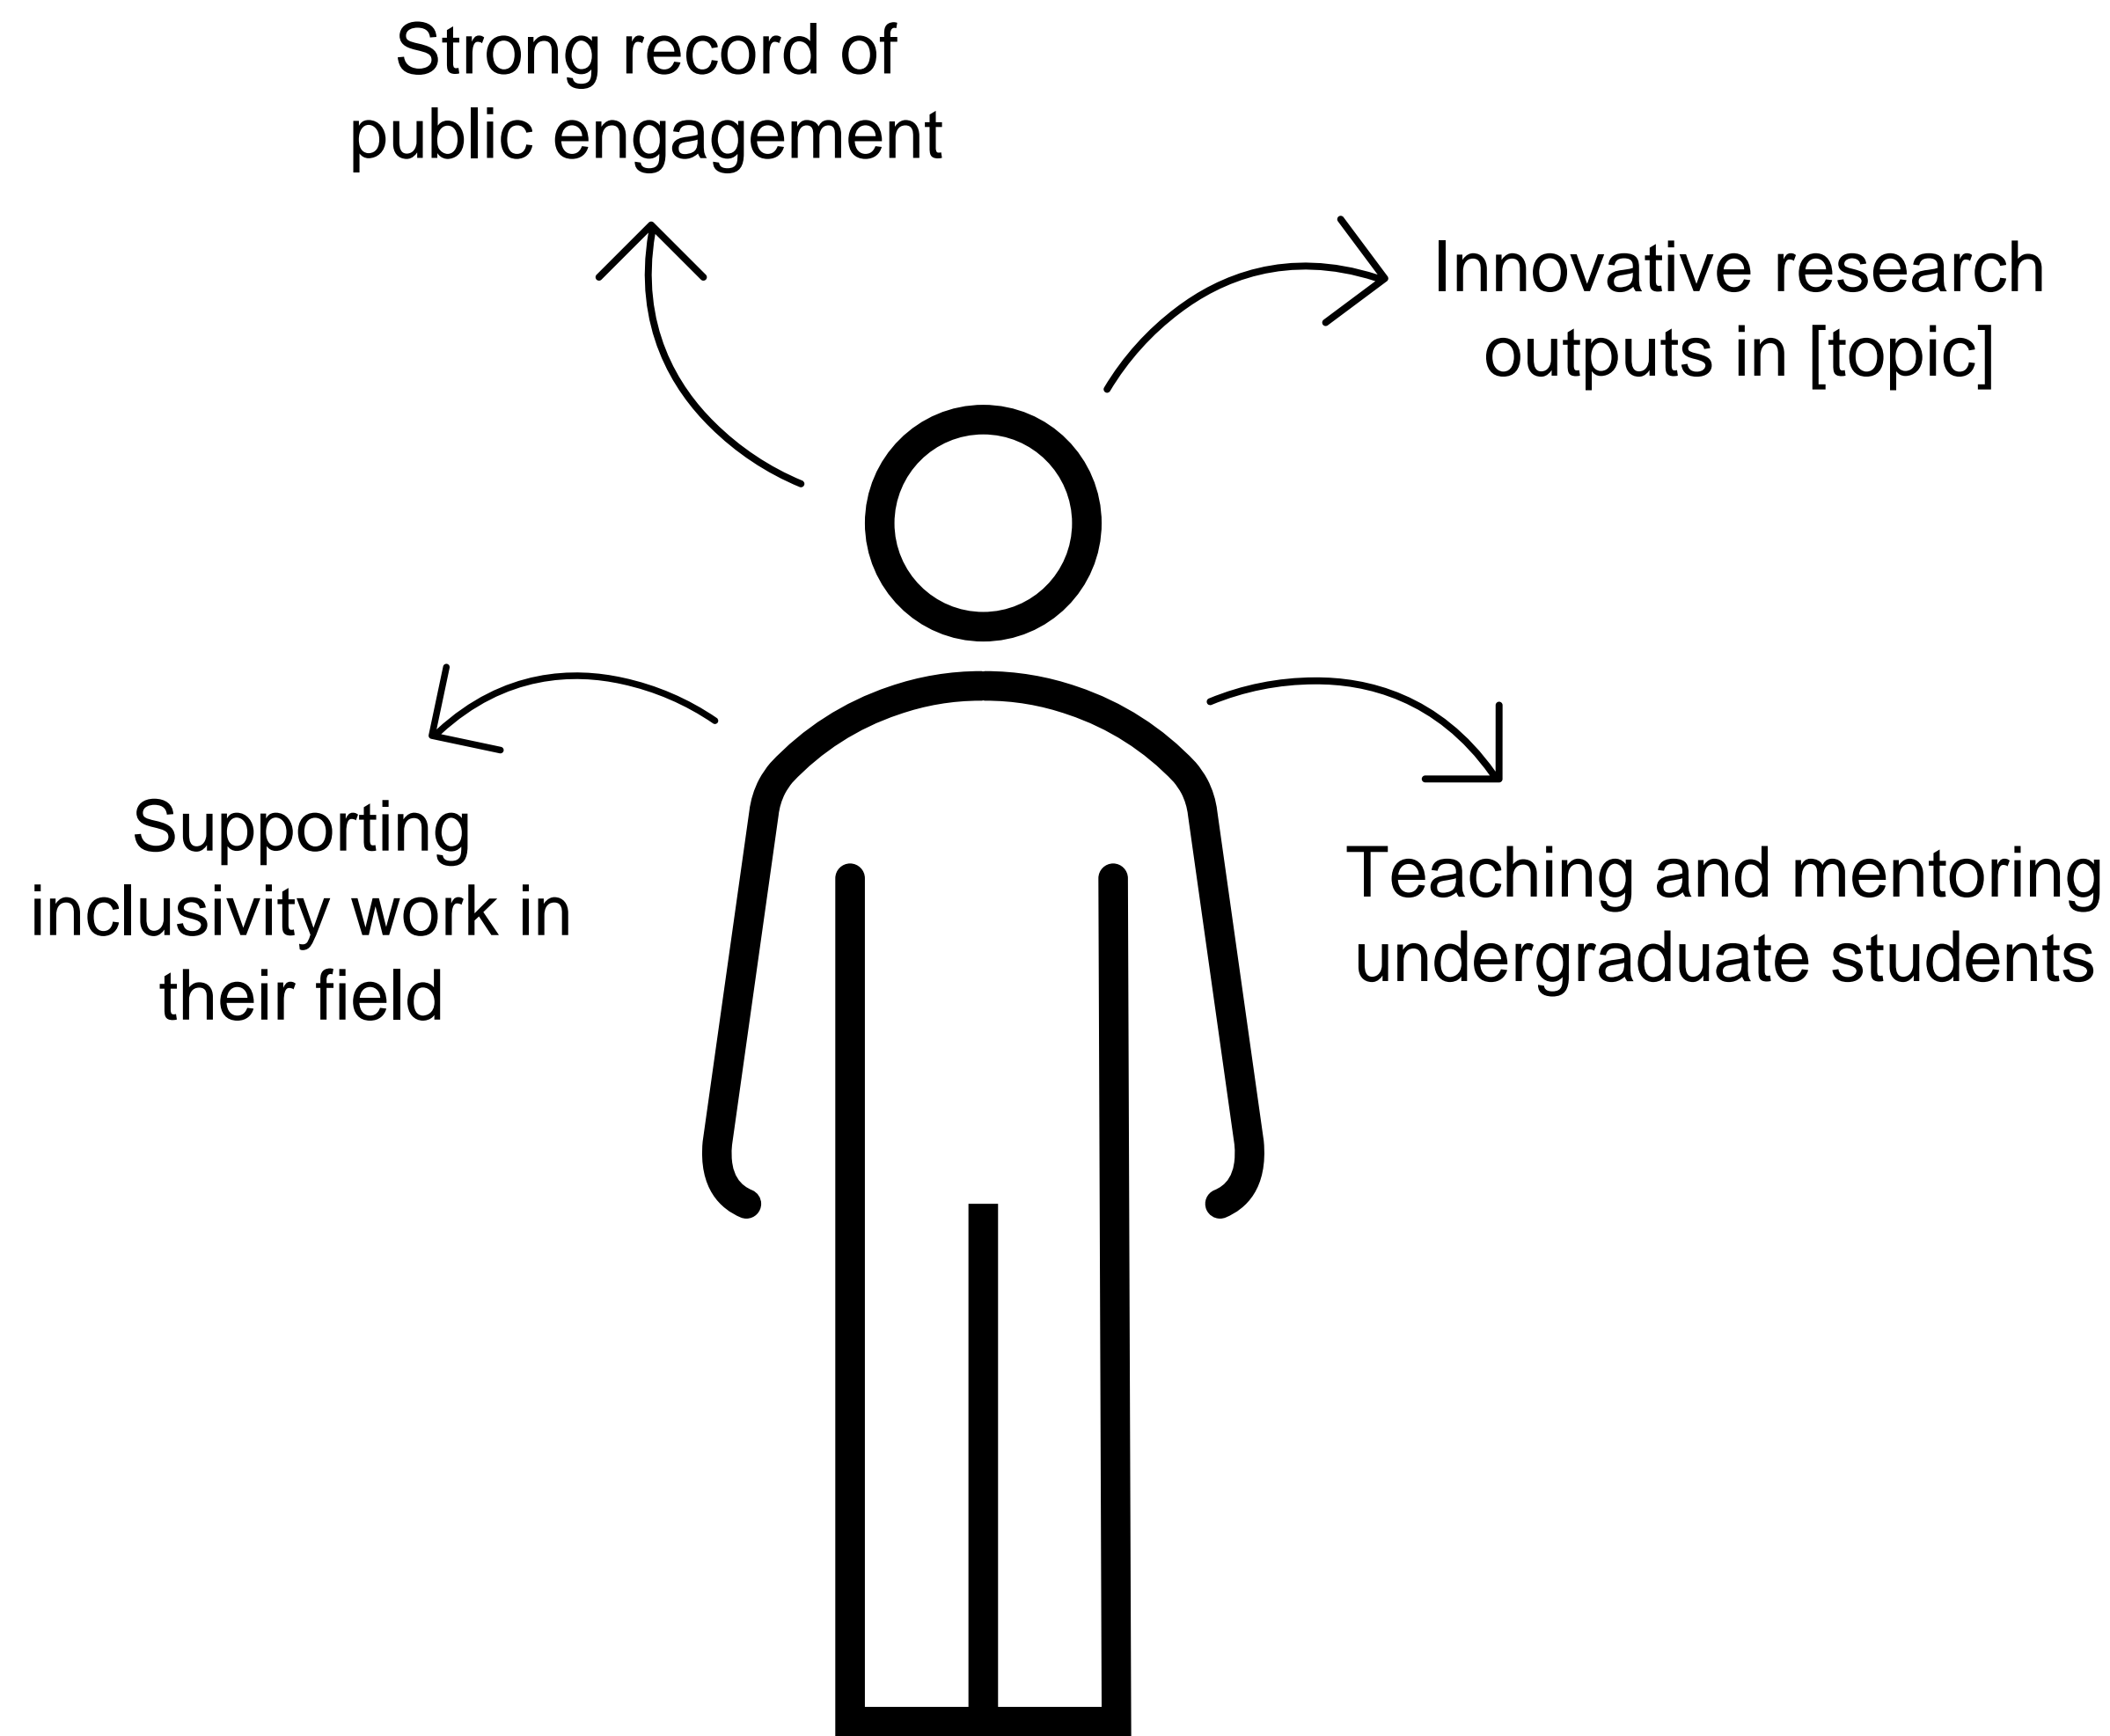

## Result

What was the effect/impact?

## Step 3 - Bring this together to understand their Unique Selling Point (USP)

Or to plan for their 'ideal USP'

# Supporting your team

Take 10 minutes at the end of a 1:1 to discuss 1 of the modules

Encourage them to write up accomplishments as CAR stories for later use

Use the NCV to discuss their future USP

# Using the NCV to support career development

# Rate yourself out of 5 for each module.

1 – relative beginner, 5 – expert.

Original, innovative research

Supporting others, teamwork and leadership

The research community  
(beyond your School/Institution)

Engagement with non-academics

**Prosper.**

Unlocking postdoc  
career potential

# Where do you need to be in 1/5/10 years?

1 – relative beginner, 5 – expert.

Original, innovative research

Supporting others, teamwork and leadership

The research community  
(beyond your School/Institution)

Engagement with non-academics

# NCV as a career development tool

**Identify priority  
areas**

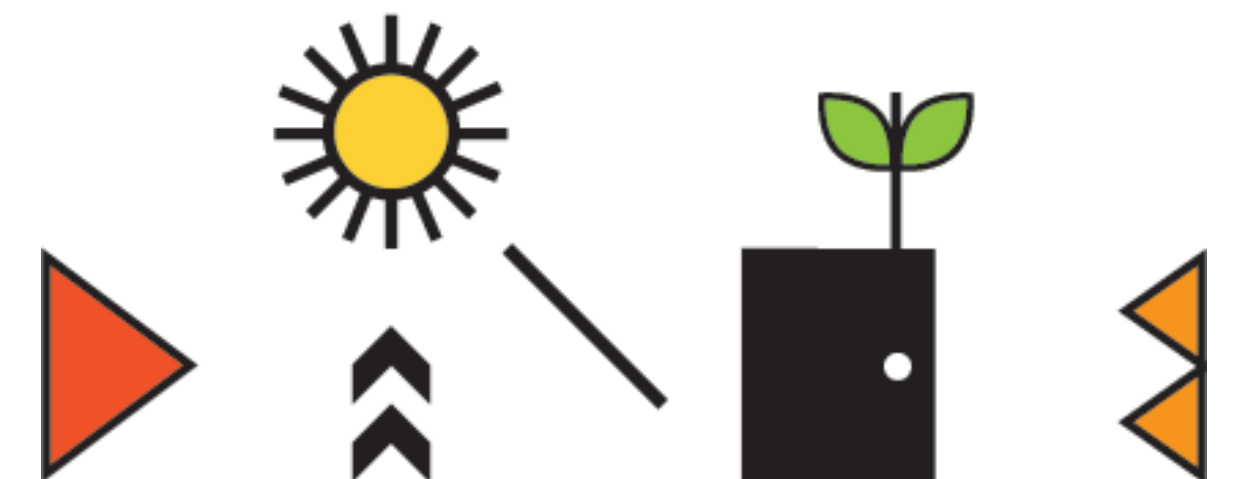

**Help ECRs and  
PGRs plan ahead**

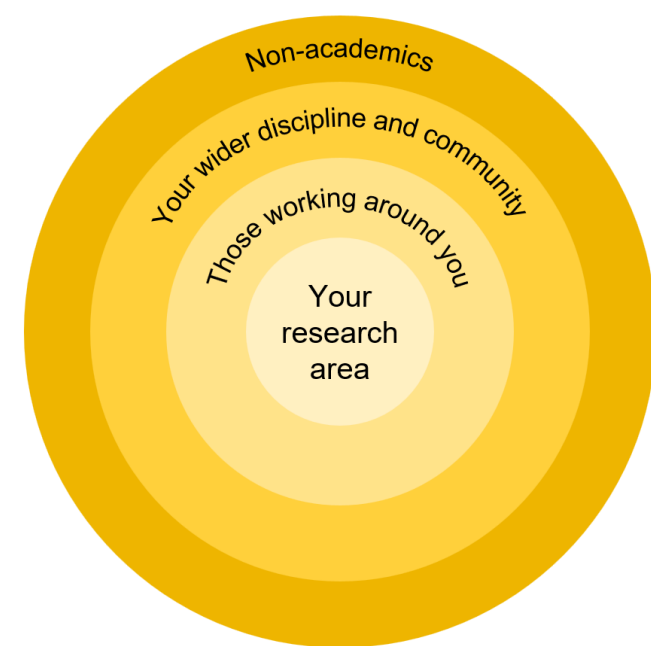

**Learn where to  
say no**

“What’s going to add the most value to my career?”

# Use the NCV to support your team's development

Make the  
'case for you'

Support sustainable  
career development
